

McCue Laminate

Wall Covering

McCue laminate is a durable, high-impact wall surfacing solution, perfect for high traffic areas. At a mere 3mm thickness, the slim, lightweight wall covering is very simple to install using our high-strength spray adhesive. The panels are simply cut to size (if required) and glued to the wall.

- High resistance against impacts and abrasions from shopping trolleys and roll cages
- Flame and heat resistant
- Approved for use in food contact areas.
- Quick and easy installation
- Easy to clean and maintain
- Available in other colours, please call for details
